Why KioSoft?

KioSoft has been a technology leader in the Payments industry since 2002. Headquartered in Boynton Beach, Florida, we offer the best of the world in unattended payments with our global presence. Unlike typical self-service industry companies, which are technology aggregators, KioSoft is a technology innovator. We believe that innovation comes from ownership and control of the products we design.

But most importantly, we offer outstanding support and value long-term partnership... to ensure our mutual success.
