

AVU Touch 17

High Security Add Value Kiosk

Customers experience utmost ease-of-use with KioSoft's AVU Touch 17 kiosk, a High Security system featuring a large interactive 17" touchscreen and smart dispenser.

Like other AVU Series models, AVU Touch 17 offers the option to pay for services via value card. The process of adding funds and purchasing a value card using cash or credit card has been simplified using its intuitive touchscreen menu options. The advanced smart dispenser supports a one-step process to purchase and add value to a card.

This AVU not only meets the demand of convenience and flexible payment options from customers, it also meets the demands of Operators such as:

- Reduce or eliminate the cost of coin collection
- Payment Flexibility to customers without increasing costs
- VXT Series meets IP56 Waterproof & Dust and IK09 Vandal Resistance Ruggedized standards
- Network ready - Ethernet & 4G modem (optional)
- Washboard compatibility

-  **Acceptance**
-  **Choice**
-  **High Security**
